Some important notes about using Equitrac

- Be sure to review all your print jobs before printing
- Make sure you have available funds to print
- Select the print jobs that you wish to print and click Accept
- **NOTE:** When printing double-sided (duplex) jobs with an odd number of pages in some versions of Microsoft Word and or in some web browsers, the number of pages printed may be rounded up by one and the result will be an added charge of one page to the print job.
